

SPECIFICATION & SUBMITTAL SHEET

STAR BOX™

Mini-split rough-in box for the stud bay behind the head unit

MADE IN THE USA

J.T. Products LLC
since 1999

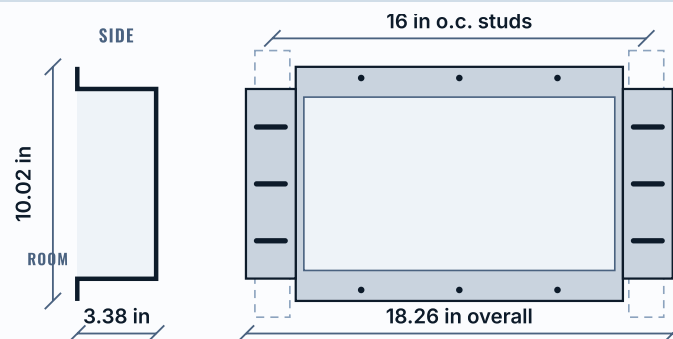

A one-piece 16 gauge galvanized steel box that goes in the stud bay behind a ductless head unit at rough-in. Slotted wings screw to wood or metal studs, and two-stage knockouts give the line set, drain and control wire their own openings.

ORDER

Star Box	Amazon ASIN B0G8NK5N4C
